

CITY HALL: SAVE LA's SROs*

WHEN YOU ARE IN A HOLE, STOP DIGGING.

Single room occupancy* (SROs) are entry level permanent housing that is protected under city law.

Yet, thousands of these units have been converted, demolished or intentionally left vacant.

If we are to climb out of the affordable housing hell hole that currently afflicts LA we must preserve SROs.

Developers want to convert SROs into luxury lofts.

City Hall looks the other way when developers break the law.

AHF has bought, rehabbed, and re-occupied 13 SROs with 1,405 rooms at a low cost and in record time.

But, the City must preserve and protect the rest.
