\$100,000,000 Homeless Challenge

To the Mayor & L.A. City Council,

The Healthy Housing Foundation will pledge \$100 million over the next two years to create homes for up to 1,000 poor and unhoused souls.

The only thing we ask in exchange is your cooperation.

- Give us true concierge service to get older buildings rehabbed rapidly.
- Fast track 100% low-income new construction.
- Waive all city fees.
- Work with the Los Angeles County Assessor to make these properties exempt from real estate taxes.
- Bulk lease units as they come online.
- Show administrative flexibility and be a true partner.

**We are not asking for \$1 from you.
We are trying to help.
Please meet us halfway.**
