YOUR NEIGHBOR – GREEDY PANDEMIC PROFITEER, MODERNA CEO STÉPHANE BANCEL – RAKED IN NEARLY \$13M IN 2020, MOST OF WHICH WAS DUE TO COVID-19...

...ALL WHILE MOST OF THE WORLD SUFFERS FROM LITTLE-TO-NO ACCESS TO LIFESAVING VACCINES.

Under Bancel's direction, Moderna has:

- Used \$1.3B of U.S. taxpayer funds to create its vaccine and expects \$20B in 2021 revenue.
- Only sent 1M vaccine doses to poor countries in need; Pfizer and J&J have sent 8.4M and 25M, respectively.
- Charged middle-income countries like Thailand more than the wealthy U.S. and European Union.

Let Mr. Bancel and Moderna know their actions are unacceptable by using this QR code to tweet at them today!
